PREMIER SAFETRIP® Packages

- Platinum – The ultimate protection plan!
- Gold – Our most popular protection plan.
- Silver – A protection plan to suit any budget.
- Bronze – An economical alternative.

Let us explain a little about our commitment to you and your investment. As Financial Service Advisors, we look after four important tasks:

- 1 We are signing officers for more than 10 chartered banks and financial institutions. Therefore, it is our obligation to ensure the financial arrangements have been completed in their entirety and that all available options have been thoroughly explained. For your convenience all the necessary documents are completed right here at the dealership.
- 2 All SAFETRIP® packages are explained in full detail. Any extra security or protection products you are entitled to will be reviewed, this will help you be able to make an informed decision concerning your new investment.
- 3 At completion of our interview, we will receipt your deposit, this is done so we can hold your unit until all necessary finance arrangements, safety checks, and servicing are complete.
- 4 We will make sure all legal documentation is completed properly and in a timely manner, so as not to inconvenience. This will allow you the opportunity to start enjoying your new RV as soon as possible!

Let us find a solution that works for you . . .
