Woody's RV World is Growing Again!

Calgary, AB – Woody's RV World is very excited to announce that we are growing once again! Keeping the needs of our customers in mind, we have acquired Paradise RV's complete inventory from all Alberta locations. Woody's RV World, with dealerships in all four major markets in Alberta – Calgary, Red Deer, Edmonton and Grande Prairie – continues to expand and grow Canada's largest repeat customer base.

Remaining an industry leader requires Woody's RV World to be on the front line of acquisitions and developments. After careful consideration, we have strategically aligned ourselves in the Leduc market to continue to achieve our mission – enhancing customer lifestyles by providing leading edge products supported by a team of professionals committed to exceeding their customers' expectations.

"It's very promising that we can increase our footprint in the Alberta market place and better serve our customers," says Darren Paylor, President Woody's RV World. "As our most recent Top 50 'Blue Ribbon' award has highlighted, Woody's commitment to best practices in every professional aspect of the RV business has provided us with many growth opportunities that we will continue to take advantage of."

Along with the extensive quantity of inventory, Woody's has acquired Paradise RV's Leduc location, and Red Deer's sites have been closed. **Future construction plans of a new State-of-the-Art RV facility in Leduc are in full swing**, with the RV Sales operations to be made available in the 2016 season – just in time to celebrate our 30th Anniversary! Further, all of the RV Inventory acquired will be available at all Woody's locations and online anytime at woodysrv.com.
